

Special Event for Schools

World Harmony Run Presentation – 45 to 60 minutes

The World Harmony Run visit to your school will provide your students with an enjoyable, educational, and informative event, sharing valuable lessons in friendship, cultural diversity and peace building.

The international team, carrying the torch, will run into your student assembly. This can be either outside in a playing field or inside an auditorium. Visits to classrooms may also be included. It would be most appreciated if you could provide a sound system for the occasion.

The World Harmony Run team members will introduce themselves and their country, speak about the message of the run, that 'Harmony Begins with Me' and highlight the need for friendship and harmony in the school and the community. They will show a short DVD about the event, sing the World Harmony Run song and field questions from the students.

Students will be invited to hold the torch, make a wish for world harmony and possibly run a short distance with the team in the school grounds. Each child will receive a World Harmony Run sticker. There is no charge to participate in the event.

Additional Activities for Consideration

Simple things you can do...

- **Sports** – children are welcome to join the runners carrying the torch.
- **Music** – prepare your own musical arrangement of the World Harmony Run song to perform at the ceremony.
- **Poetry** – selected students could recite poems they have composed on the theme of harmony and submit them online.
- **Art** – display artwork which students have created on the themes of harmony and submit them online..
- **International** – students from different countries can announce their nation of origin. Groups of students could recite 'harmony' in different languages.
- **Inspirations** – invite students to contribute their own ideas of how we can express and celebrate harmony together..

The World Harmony Run can be followed daily
at Live from the Road on our website
